

BOND ISSUES FOR WATER AND SEWERS WANTED

City Will Ask Legislature for Authority—Details of Project Being Worked Out and Will Be Discussed.

The city of Memphis is going to ask the state legislature, when it meets in regular session next January, to authorize two bond issues of approximately \$1,000,000, one-third of which will be used for the extension of the sewerage system and the remaining two-thirds for reconstruction and improvement to the water system.

The city intends not only to take care of the present, but to plan for future growth and provide means for installing a modern and adequate sewerage system for every section.

Details of the project are being worked out in the office of the city engineering department. Maps are being drawn showing just what section have sewers and which have none. As soon as this information is available a complete program will be developed and estimates of cost will be made. Present indications are that between \$750,000 and \$1,000,000 will be needed for the work, which will perhaps require two years to complete.

The water supply system of the city is in need of much repair and reconstruction is necessary in some sections. The auction street plant will either be abolished or ample provision made to prevent a recurrence of the water pollution which Memphis has experienced in the past.

Details of the exact needs of this system are also being prepared and when the figures are assembled a more definite idea can be secured as to the ultimate cost. Present estimates indicate that approximately \$2,000,000 will be needed for the improvements contemplated.

Mayor Paine, Commissioner Allen, in charge of the department of streets, bridges and sewers, Dr. J. J. Durrett, head of the city health department, officials of the water department and associate members of the city commission have approved the proposed improvements to the two systems and plans are going forward in a manner that will enable the city to have prepared and ready for presentation to the legislature the bills authorizing the two bond issues.

Alleged Whisky Robber Is Killed

KANSAS CITY, Aug. 27.—A party was in progress at the home of Charles W. Neal, wealthy oil man, late last night when four men arrived in a red motor truck intending to steal two barrels of whisky from Neal's private stock, according to operatives of a local detective agency. In the fight which followed, one of the men in the truck was killed and another injured so badly he is expected to die. Rifles, revolvers and sawed-off shot guns were used by the five detectives, who were aided by two policemen.

TWO REBELS EXECUTED.

MEXICO CITY, Aug. 27.—Capt. Trinidad Sanchez and Sergt. Roman Fernandez, who headed an uprising at Tlacuayan, state of Vera Cruz last week, have been captured and executed, according to advices to the war department.

FUSON RETURNS FROM VACATION

Sam D. Fuson, head of the department of publicity, Chamber of Commerce, returned to his desk Friday after an absence of several weeks in Missouri. Fuson visited his home at Springfield. He reported that "Bud" Carroll, former Memphis newspaper man, now is city editor of the Leader, an afternoon paper of that city.

Among the first things to come to Fuson's notice on his return was comment by community leadership on the Memphis Convention Extra, tabloid magazine issued by the chamber to be placed at conventions throughout the country. The Leadership's comment was most favorable.

HELD TO JURY.

Harper Brewer, negro, driver of a truck that ran over and killed Chester Buxbaum, 6 years old, last week, pleaded not guilty to a charge of manslaughter Thursday afternoon in city court and was held over to await the action of the grand jury. This was the third time that the case had been brought up for preliminary trial, but on the two previous occasions it was continued because witnesses in the case were absent.

SUES FOR \$5,000.

Suit asking for \$5,000 for alleged personal injury was filed Friday in federal

court by Priscilla Foster, resident of

Arkansas, against the Gulf Refining

company of Louisiana. The bill of complaint charges that on March 29 she

was proceeding in a vehicle out Mississippi avenue and when crossing South

Wellington street a truck owned by the defendant company struck her causing

serious and permanent injuries. A. B. Shafer is attorney for the complainant.

PIONEER DEAD.

KANSAS CITY, Aug. 27.—J. B. Tucker, a grain dealer, who was a

pioneer surveyor in Oklahoma and Indian Territory, is dead at his home

here at the age of 70. Mr. Tucker

helped survey and lay out section line in the Cherokee strip before that district was opened to settlers in 1893.

His survey was used by prospective settlers in selecting their objectives in the rush across the line that followed opening of the strip.

AN IDEAL And Its Accomplishment

Since its beginning, PIGGLY WIGGLY has striven for the utmost perfection in supplying housekeepers with their table needs.

How far it has attained success can best be marked by its army of hundreds of thousands of satisfied customers, which steadily increases.

PIGGLY WIGGLY offers its customers what it conscientiously believes to be the best at the lowest margin of profit.

C. Houston Goudiss, writing about PIGGLY WIGGLY in The Forecast, America's leading food magazine says:

"Of course, it is the story of an idea. Of course, it begins with one man. One man and an idea have parented everything big that ever has been. And so long as human being is based on Eden's blessing—"In the sweat of thy brow shalt thou earn thy bread"—nothing big can be born in any other way.

"It is the only system yet devised which in any considerable degree practically solves the problem of the high cost of living.

"It is indeed a dream—but a dream come true. For PIGGLY WIGGLY is an accomplished fact, a highly successful enterprise.

"And it is the only system of merchandising today in existence which makes real distinction between that which is useless and that which is necessary in retail food distribution."

SUGAR
